REPORT OF COMMITTEE ON TOWN LIBRARY

During the past year 124 new books have been added and 26 new books at the North Walpole branch, making a total of 11,831 on the shelves Dec. 31, 1921.

Less books have been presented and the cost of books is still far above pre-war prices and though the committee have been able to apply nearly all the appropriation and the income from trust funds to the purchase of books and regular expenses, no repairs being necessary, the increase is still below normal.

The circulation shows an increase especially at the North Walpole branch where it is 36% over 1920 though only 5% at this end.

One valuable gift has been received from Mr. Benj. W. Wells of New York, who has presented a complete file of The New Hampshire Journal or Farmers' Museum for the year 1793-4, beginning with Vol. 1, No. 1, which was published at Walpole by Thomas & Carlyle. There are only two other such files in existence.

One new member has been appointed on the committee, Mrs. Clifford Bellows, who takes the place of Mrs. Nathan Williams resigned.

We are also sorry to report the loss of one of the oldest members of the committee in the death of Mr. P. E. Griffin of North Walpole.

The committee still feels that something should be done to prevent the parking of cars on the grass plot in front of the library and would recommend a small allotment in the highway appropriation for the installing of a cement curbing.

The committee would respectfully recommend the appropriation of \$600 for the ensuing year, the same as before the war.

REPORT OF SCHOOL BOARD

The school board submit the following report from Sept. 1, 1920, to July 1, 1921, and a budget for the school year from July 1, 1922, to July 1, 1923.

Owing to the laws enacted by the last legislature we lost about \$5,000 a year in state aid, which will make it necessary for the district to raise more money if we wish to maintain our present standard of schools.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

I respectfully submit this my second annual report on the condition of the schools to the School Board and citizens of Walpole.

BUILDINGS AND GROUNDS

During the summer months two rural schools were re-finished on the interior and are now bright and attractive school rooms. More work needs to be done on both toilets at these buildings. The ceiling of the Drewsville school was whitened but it was thought best to leave the walls until later when it is planned to install one or two windows on the south side in order to allow better light for the room. The toilets here were formerly in good shape. The Elisha Keep building at North Walpole was refinished throughout last summer and is in good shape. The exterior of this building is in need of paint. The interior of the other building there is badly in need of refinishing inside and ought to be painted outside for appearances if nothing more. The grounds at Walpole directly around the buildings are in need of regrading and a coat of paint on the buildings would add to their attractiveness and preservation. I do not know that I feel like recommending, in view of the cost, so much exterior painting in one year but I feel it my duty to call attention to the conditions.

HIGH SCHOOLS

Walpole High school is keeping up its good record of past years under the able leadership of Headmaster Albert and his worthy assistants. The work in Agriculture was interrupted

but not badly by the resignation of Mr. Belcher. We were fortunate in securing his successor, Mr. Bernard M. Davis, a graduate of our own State College, who is carrying on the work of Mr. Belcher successfully.

The high school work at North Walpole, under Mr. Donovan, was of such grade last year that Deputy Commissioner May, after inspection, recommended that it be approved. Accordingly approval was granted this year by the Commissioner. This view of the work is justified by the record of the pupils who went from there to the high school at Bellows Falls.

There are over twenty tuition pupils in Walpole High school. The total enrollment is 61.

ELEMENTARY SCHOOLS

These schools began the year with but one change in the grades at North Walpole and one change in the rural schools. By retaining so large a per cent of our teachers the work has gone on with progress that could not otherwise be attained. The so called B and C subjects, health, thrift, etc., are being taught with a good deal of emphasis but much more needs to be done in the health work. Spelling books have been placed in the hands of the pupils at North Walpole and in grades 3 and 4 at Walpole. I believe that by having a book spelling is raised to the dignity in the minds of the pupils that it should have and that the review work is of far better grade. Use is being made also of the standard spelling scale.

A new set of music books has been placed in all grades which is destined to promote a greater ability to read music. The course is more logically graded than heretofore. It is my

opinion that the work in this subject is on a good foundation and is progressing rapidly.

Standard tests are being used in all fundamental subjects.

HEALTH WORK

The pupils at Walpole were examined by Miss Gobie, the district nurse. Those at North Walpole by Miss Moore, district nurse for that place and Bellows Falls. In both cases the examiners have done some follow up work in the homes where their time and work would allow. At Walpole about a dozen children were operated on through the generosity of Dr. B. T. Mousley and the Red Cross. These children and others who received private treatment show remarkable improvement in physical appearance and scholarship. Much more can be and ought to be done as the survey of health supervision for the last year will show.

REPORT OF NURSES' EXAMINATION

Total children examined,	559
Malnutrition,	89
Defective vision,	50
Defective hearing,	13
Anaemic,	99
Nervous disease,	1
Skin disease,	5
Orthopedic defects,	2
Defective teeth,	293
Hypertrophied tonsils,	245
Adnoids,	109

Enlarged glands,	4
Unvaccinated,	133
Defective speech,	1

It might seem from the above that every child was in some way defective. Such is not the case but several children have two or more defects. There are too many unvaccinated children and these are mostly in the Walpole schools. North Walpole has attended to this very strictly. May I call your attention to the law on this point and ask that advantage be taken of the summer months to observe this statute.

In conclusion I wish to thank all who have contributed their efforts and good will in making the work easier, more congenial and thorough. The members of the School Board, Teachers and pupils are especially to be thanked.

Very respectfully submitted,

WILLIAM J. ENGLISH.
